

AUTOMATIC PUMP FOR SHALLOW WELL

PAZ

New characteristics

- *Totally enclosed fan-cooled outdoor motor*
- *Endurance and reliability against salty and humid environment has improved.*

APPLICATIONS

- Shallow well
- Transfer pump
- Booster etc.

CHARACTERISTICS

- Selections of outlet opening out of 3 directions
- Variable pressure switch
- Anti-freezing heater
- Light weight of motor (Aluminum is used for motor)
- Resin-made outdoor cover
(Main body can be prevented from water dust etc)
- Protection relay against run-dry
